### **For Sale – Central Texas**

10 Katplus Katahdin/White Dorper single and twin ewe lambs born 3/3 to 3/25, with birthweights 7.2 to 11.6 pounds. Sire Registered Katahdin Ram from Spraberry Acres (CSA 764). Dams from Wehrich White Dorpers. Herd is given CDT annually and individuals wormed annually if required. Pasture fed with minimal Purina Sheep and Goat to bring to the barn each day. Katplus ewes are undocked, no shots, no wormers, and have been given Golden Oak Lamb Creep recently to allow smooth weaning. John Wehrich 254/644-1468 Gatesville, TX johnwehrichjr@gmail.com

### **For Sale – Washington**

Grass-fed flock in the Pacific Northwest in WA State. Ewes fed local grass hay and whole corn-barley in late pregnancy. Lambs born on pasture in an unsheltered, hands-off environment and raised on grass alone, weaned at 120 days. Superb maternal traits, ewes with young lambs at side navigate a 15-acre pasture with 3' tall reed canarygrass with few losses. NSIP flock that focuses on growth, milk and prolificacy. All adult breeding ewes and rams are NSIP genotyped. FEC data collected in 2023, so some accuracy to FEC EBVs. Up to thirty adult ewes (1-2 years old) and fifty April-born 2024 ewelambs could be made available in August 2024. Ram lambs available as well. Four diverse NSIP sires used from across the U.S. [www.canfieldfarms.com](http://www.canfieldfarms.com) contact michelle@canfieldfarms.com 360-770-0615
